

The Three Little Pigs

The three little pigs live with their mum. They grow up and the house is now too small for them, so the mum says: "Go and build a house!"

The first pig builds his house of straws. It is easy work and he finishes quickly. He can dance and play his flute. He goes to see his second brother.

The second pig builds his house of sticks. It is easy work and he finishes quickly. He can dance and play his violin. He has a lot of fun with his little brother. They go to see their third brother.

The third pig builds his house of bricks. It is hard work and he does not finish quickly. He has no time to play his piano and he cannot dance with his two little brothers.

A big hungry wolf lives in the forest. He sees the house of straws. He knocks on the door and says: "Little pig, little pig, let me in!" But the pig knows it is the wolf, so he says: "Not by the hair of my chinny-chin-chin!" The wolf is angry and he says: "Then I will huff and I will puff and I will blow your house in!" The wolf is strong and the house of straws is very weak. He blows and the straws fly away.

The first pig runs to the second pig. "Quick! Open the door! The big bad wolf wants to eat me!" They both hide in the second house. The wolf sees the house of sticks. He knocks on the door and says: "Little pig, little pig, let me in!" But the pig says: "Not by the hair of my chinny-chin-chin!" The wolf is angry and he says: "Then I will huff and I will puff and I will blow your house in!" The wolf is strong and the house of sticks is weak. He blows and the sticks fly away.

The first and second pigs run to the third pig. "Quick! Open the door! The big bad wolf wants to eat us!" They all hide in the third house. The wolf sees the house of bricks. He knocks on the door and says: "Little pig, little pig, let me in!" But the pig says: "Not by the hair of my chinny-chin-chin!" The wolf is angry and he says: "Then I will huff and I will puff and I will blow your house in!" The wolf is strong but the house of bricks is stronger. He blows and he blows and he blows but the bricks don't fly away.

The wolf looks up and he says: "Aha! I have a good idea!" He climbs up the wall and up the roof and down the chimney. But he falls into a pot of hot soup. The wolf runs away and the pigs are very happy. The pigs sing and dance and play music. The first pig plays the flute, the second pig plays the violin and the third pig plays the piano. They have a big party. They live happily because the wolf never comes back again.
